PROFESSIONAL SUMMARY

Systems-minded Product Designer with 4.5+ years of product and UI design experience, including 3+ years building, maintaining, and scaling Design Systems and Figma component libraries across multi-platform environments (iOS, Android, Web), most recently as Senior UX Lead & Design System Architect at Grupo Coppel. Specialist in Figma variables, auto layout, component properties, design-to-code handoff, and accessibility (WCAG). Track record of enabling cross-functional design and engineering teams to increase design consistency and workflow productivity by 30%.

EXPERIENCE

Grupo Coppel Ciudad de México, México
Senior UX Lead & Design System Architect February 2023 – June 2026

- Architected, built, and maintained **scalable Figma component and pattern libraries** using variants, component states, auto layout, component properties, and design tokens/variables across **iOS, Android, and Web** platforms.
- Authored component specifications, usage guidelines, and **WCAG accessibility standards (color contrast, touch targets)** to deliver **consistent design-to-code handoff** with engineering via Figma Dev Mode, Jira, and Azure DevOps.
- Managed design system governance, **component versioning, deprecation, and contribution reviews**, conducting design audits across feature files to **enforce cross-platform system consistency**.
- Led enablement workshops, system documentation, and AI-assisted design workflows for cross-functional design and engineering teams, **increasing operational productivity and library adoption by 30%**.

Freelance Projects (Viva Aerobus & Dr. Pepper) Ciudad de México, México
UI Designer & Visual Craft Specialist November 2021 – January 2023

- Developed visual design assets, **custom iconography grids, keylines, and reusable UI kits** in Figma and Adobe Creative Cloud adhering to brand identity guidelines.
- Created **interactive UI prototypes and visual specifications** for multi-device digital products, streamlining developer handoff and cross-functional stakeholder reviews.
